

Good afternoon, my name is Katrina Chiappetta, and I own 43 Rodia Ridge Rd, Shelton, CT 06484. As the owner of two pet rabbits, I can tell you that they are very loving, affectionate, and aware pets. Did you know that my rabbit used to sit and wait next to the door around 5:15pm every day, because that's about when my fiance walks in from work? They can also be trained to use a litterbox, console you when you're sad, and provide endless hours of entertainment.

I can't sleep well at night knowing the very state I live in legally permits the unethical slaughtering of my pets.

Thank you for your time.

Sincerely,
Katrina Chiappetta
Concerned constituent/rabbit owner
